the HONEYCUTTS

HAPPY HOLIDAYS FROM ED & DIANE

Family Visits

This year we had visits from lots of family, Ed's two sisters, Betty and Bobbie, Our nephew Peyton, Ed's cousin Mark and wife Sherry, Diane's brother Bill and sister-in-law Denise. Good to spend time with them and enjoy the beach.

✧ Retirement At Last ✧

After 20 years in the USAF, 2 years at AMP, 10 years with First Union/Wachovia, 7 years with TIAA and 6 years with HPT, I am retiring once and for all. (Diane looking at me saying, yeah right.)

It's been a great run and lots of fun, but it's time to start a new chapter and take full advantage of what life at Del Webb has to offer. To celebrate, we have our first post-COVID cruise scheduled for March 2023. It's a 10-day Southern Caribbean to the ABC islands. It will also be the first time we drive to the port instead of flying since time won't matter to the retired. We're really looking forward to getting back on a ship, and if all goes well there's a cruise to

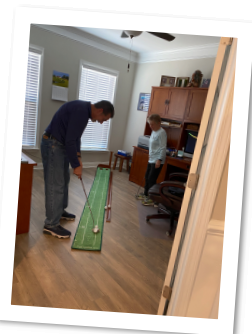

Hawaii in the works for 2024. So, if you're in the Myrtle Beach area, let's get together and watch the sunset. Merry Christmas and Happy New Year to you and yours!

Cruising Again

On 8-18 Mar 23, we will once again sail the high seas on Holland America's newest ship the MS Rotterdam. We leave from Ft Lauderdale and visit

Half Moon Cay, Aruba, Curacao, Bonaire, Dominican Republic, and Grand Turk. We'll make the leisurely drive down to the port and take our time driving home. We can smell the salt air now.

The Year in Pictures

2022 brought another year of COVID, but we began to approach life as we knew it before. We mostly just enjoyed the beach with a trip to Ocean City, MD and Ed made a few short business trips around NC/SC. We decided to replace our blinds with plantation shutters as the big house project this year (again Ed

just supervised). Good to have time with family and friends with golf outings, lunches and overnight visits. Here's wishing us all a Merry Christmas and Happy New Year in 2023.
