

# DAGELYKS NIEUWS

SUNRISE 6:38 AM  
ms WESTERDAM  
WESTERN CARIBBEAN CRUISE

SUNSET 7:53 PM  
OCHO RIOS, JAMAICA  
WEDNESDAY, JULY 5, 1995

## Welcome to Ocho Rios, Jamaica

Whether you approach the island from sea or air, it's easy to see why its first "tourists" - migrating Arawak Indians from South America - named the island Xaymaca, land of wood and water, and decided to become its first settlers. More than a thousand years later the same densely forested mountains and foothills, generously patterned with rippling rivers and roaring waterfalls flowing into the cobalt Caribbean, are still luring visitors, offering an almost irresistible combination of sights and sounds. Unfortunately the island's earliest settlers were not as long-lived as their new homeland. The gentle Arawaks were no match for the Spanish explorers who arrived with Christopher Columbus in 1494. With one hand grasping a sword to demand riches, the other extended to accept them, the invaders in exchange offered slavery, brutality, disease and ultimately death to their reluctant hosts. In less than 200 years the Indian tribe became extinct. Proof of its existence is limited to its carved and painted pictures in ancient caves and remnants of personal and household artifacts such as tools, pottery and jewelry now displayed in several island museums. Less than half the size of Vermont, with an area of only 4,411 square miles, Jamaica is the third largest Caribbean Island, 144 miles long and 52 miles wide.

Volcanic in origin, it has one of the richest and most varied landscapes in the world. Mountain ranges mass in the eastern sector to 7,402 feet at the peak of Blue Mountain and stretch toward the west to create the island's "backbone" that divides the north and south coasts.

Ocho Rios is situated 67 miles east of Montego Bay where the dispute continues as to the origin of the name Ocho Rios. Some claim it's Spanish for "eight rivers"; others maintain that the name is a corruption of chorreras, which describes a seemingly endless series of cascades that sparkle from the limestone rocks along this stretch of coast.

### A Word To The Wise

On previous visits to the Caribbean Basin it has been noticed that there has been an increase in the street availability of narcotics such as cocaine. Such transactions have, on occasions, resulted in the instant arrest of the purchaser by observing police officers and followed by a heavy fine or even immediate imprisonment! Holland America Line co-operates fully with the U.S. and Canadian Anti-Drug authorities, and as a result you may be asked to submit to a search of any purchases or packages on returning to the ship.

### Arrival and Departure

An announcement over the P.A. system will be made when the ship has been cleared by the local authorities. You will then be able to proceed ashore by using the gangway (the exact location of the gangway will be announced over the P. A. System). Please remember to carry your Holland America Line Guest Identification Card to present to the Officer on the gangway upon your return.

**Please be back on board no later than 4:30 pm, we will sail for Grand Cayman at 5:00 pm ship time.**

### From the Navigator

Still sailing on a course of 101 degrees we expect to make landfall with Jamaica around 5:00 am, near the port of Montego Bay. At about 6:30 am we will turn to starboard for our approach to Ocho Rios Bay. After embarking the local pilot, we expect to be docked around 8:00 am ship's time.

At 5:00 pm ship's time we will cast off the mooring lines, and upon clearing Ocho Rios Bay set a westerly course of 281 degrees into the Caribbean Sea heading straight for Grand Cayman. During the first few hours of our voyage you will be able to see the beautiful hills of Jamaica. **REMEMBER DO NOT ADJUST YOUR WATCHES. DISREGARD LOCAL TIME.**

### Ship's Agent

Lannaman & Morris Ltd.,  
Ocho Rios Cruise Ship Terminal,  
P.O. Box 201,  
Ocho Rios,  
St. Ann, Jamaica.

## Seagoing Environmental Awareness

Holland America Line vessels have state of the art distillation units that reclaim paint brush cleaner waste for reuse. Oil that is separated from bilge water and used cooking oil from the galley is mixed with fuel oil and burned as fuel.

## Steiner of London

With every blow-dry you'll receive a complimentary Mini facial and a light make-up. Call 74 now!

## Champagne 21!

Everyday on the Blackjack tables three sevens will not only give you twenty-one, it will get you a bottle of bubbly! For the duration of tonight's gaming on any one of our Blackjack tables, if you are dealt a three card twenty-one consisting of three sevens (of any suit or color) you will automatically win a bottle of champagne with the compliments of the casino manager and his staff. So join us in the casino tonight - you might win more than just money!

## Midnight Sympathy

In consideration of your fellow guests, please refrain from having the T.V. full blast, talking loudly in corridors and cabins and closing doors and drawers nosily during the night.

## A Pirate's Tale or Yo Ho Ho and a bottle of Rum

As defined by the Encyclopedia Britannica, the act of piracy is; "any robbery or other violent action for private ends and without authorization by public authority, committed on the high seas or in the air outside the normal jurisdiction of any state". While piracy had been in existence all throughout history, and has flourished in all oceans and seas around the world, we will concentrate on those romantic figures, the seafaring, swaggering pirates of the Caribbean. During the reign of Elizabeth I, while wars were being waged against Spain, privateers were becoming numerous, traveling the seas, commissioned by the Crown to commit acts of revenge and reprisal against the declared enemies of the government. A privateer was a privately owned armed ship and the officers

and crew of these ships split whatever the booty and the captured ship held. As wars ended and peace was eminent the line dividing the pirates and privateers grew thinner and thinner and finally became so blurred and indistinct that the pirates and privateers became almost one. Spanish galleons, sailing from Mexico into the Caribbean enroute to Spain and carrying vast amounts of wealth, fell prey to the pirates and privateers alike.

The Caribbean, with its many islands, bays and coves, made for a perfect place of refuge for the pirates. Ships could be repaired, crews commandeered, and treasure divided in these hide-a-ways. Fruit and water were plentiful on many islands and the ship could provision itself easily.

## Service Hours

<b>INFIRMARY</b> (B deck forward via elevator 3)
