the HONEYCUTTS

HAPPY HOLIDAYS FROM ED & DIANE

The Last Old Confederate Workshop Project

Ed converted Diane's father's old gun cabinet into a curio-cabinet for her brother for his birthday. The shop had a good run over the years, but time to play golf!

✧ We're Moving! ✧

The big news for 2019 is we are moving to Myrtle Beach, SC in April 2020. We're building a new house in Del Webb at Grande Dunes (<https://www.delwebb.com/homes/south-carolina/myrtle-beach/myrtle-beach/del-webb-myrtle-beach-209929>)

They say the only constant is change, and for us it's time for a big change. Many things came together this year, and we decided it's time to right-size our life. So after a lot of discussion and searching, we settled on Del Webb at Grande Dunes, Myrtle Beach, SC for our next phase of life. We're building a single story Sonoma Cove plan with an estimated closing date of 20 March 2020. We've sold the shop, the surrounding land and empty

lots so far and even have a tentative buyer for the house. Our new address effective 1 May 2020 will be: 7037 Cecilia St, Myrtle Beach, SC 29572.

Out with the Old...

In keeping with the change theme, Diane got a new treadmill for Christmas to replace the old one, and we replaced the broken sections in

the driveway. Here's wishing health, happiness and a Merry Christmas and Happy New Year to you and yours!
