the HONEYCUTTS

HAPPY HOLIDAYS FROM ED & DIANE

In Memoriam

Ed's mother, Ruth H. Huneycutt passed away on 5 November, nine days before her 83rd birthday. She worked as the Director of Elections until the day she died, a position she held for 38 years.

✧ *Settling In* ✧

Well, Covid-19 continued to dominate the world in 2021, and we spent the year settling in to our new house in Myrtle Beach. We did take a trip to Ocean City, MD in July after getting our vaccines.

Covid doesn't seem willing to exit the stage, so we're all working to live with it. We were able to get our Moderna shots in Mar/Apr and boosters in Oct. The year was dominated by Zoom meetings, Virtual Conferences, supply chain issues, long walks on the beach, waiting for contractors, and short trips. We did get to see Diane's niece and great-nieces in Maryland in July on a short trip to Ocean City. That was our only trip other than the

time spent in North Carolina for Ed's mother's funeral. We do have a cruise planned in February with Holland America, so fingers crossed it doesn't get worse.

Patiominium

We built a new paver patio with a fire pit to enjoy the outside more here in Myrtle Beach. We started the planning in March and finally completed it in

August. We are still waiting on the umbrella/base we ordered in April. Here's wishing health, happiness, a Merry Christmas and Happy New Year to you and yours!

The Year in Pictures

2021 brought another year of Covid but with some relief provided by vaccinations. We were able to take short trips but mostly just enjoyed the beach despite the tourists' return. We spent the year making the house more like us and upgrading the exterior with a patio and new furniture. Life in Del Webb is settling

into a pleasant routine of beach walks, patio happy hours, and time with friends. Ed continued to work remotely for HPT, spending his days on Zoom calls and playing on the computer according to Diane. As she says, "They pay you for this!?" Here's wishing us all a better 2022.

Jan/Feb

- Waiting for Vaccine appointments
- Pantry built-ins
- Painted the Garage

Mar/Apr

- Moderna shots 1/2
- Planning the new patio
- Ordered patio furniture
- 1yr warranty repairs
- New Storm Protection

May/June
